Our offer includes 500,000 electronic components from 1200 producers. Since 1990, we have been expanding our operations dynamically and increasing our global potential. Every day, we send 5000 shipments and we ensure that they arrive in the shortest time available. The Hengstler RI58-O incremental encoder is an excellent and reliable choice for many fields of industrial automation. Encoder options include high resolutions, temperature and IP ratings, offering complete flexibility. Mounting options include synchro flange, clamping flange or square flange, with resolutions up to 10,000 pulses, available with shaft diameter sizes of 6mm, 6.35mm, 7mm, 9.52mm, 10mm and 12mm and shaft protection class ratings of up to IP67. Cable outlets can be radial or axial; standard cable length is 1.5 metres, it is possible to produce the RI58-O encoder with longer cable lengths and connectors. The supply voltage is 5V or 10 to 30V DC, output signals are push-pull with or without complementary signals, or RS422 with an optional alarm or sense function. Encoders are RoHS compliant, UL approved, and CE marked.
